

Woden Catch-Up strategy statement

The government introduced the Catch Up Premium with the aim of ensuring children and young people recover and get back on track after experiencing unprecedented disruption to their education as a result of coronavirus (COVID-19).

Catch Up Premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals.

Expenditure of Catch Up Funding 2020-21

High ratio of staff in order to facilitate targeted intervention and quality first teaching across school

Procurement of remote learning materials and online services to ensure pupils not able to attend can access high quality learning resources.

How Impact will be measured?

The school will evaluate the impact on each pupil from termly Teacher Assessment. This will be recorded and discussed as part of our Termly Pupil Progress meetings, the results of which will be fed in the following term's Intervention provision (RAP).

We will measure progress and attainment in reading, writing and maths as a result of intervention and additional support.
